DV5 SERIES
DV-525DS / Dual-Zone Wine Cooler

DV-525DS
Dual-Zone Wine Cooler

- Designed for storing, serving, and aging wines from different regions by using advanced temperature and humidity control technology.
- Insulated matte black cabinet with seamless stainless steel door frame and streamline aluminum handle.
- Ideal for commercial and residential spaces, both freestanding and built-in capable.
- Double-doors design reduces door opening length, which enables the wine cooler to be used in limited spaces.
- Triple pane Low-E glass door protects your wines from UV, enhance insulation, and minimize energy consumption and chances of condensation on glass surface.
- Ultra-silent compressor with anti-vibration design to prevent wine from vibrating and going through structural changes.
- Detachable beechwood shelves are compatible with various types of wine, e.g. Riesling, Bordeaux, Burgundy, and Rhone, etc.
- Lower fixed shelves provide wider spaces for bigger bottles, such as Pinot Noir (New World), Champagne, other sparkling wines, etc.
- UL and CSA certified

- Ideal for Tropical & Other Climates
- Triple-Pane Low-E Glass Door
- High/Low Temperature Alarm
- Eco-Friendly R600a Refrigerant
- Activated Charcoal Filter
- Dual-Zone Temperature Control
Left: 5~20°C | Right: 5~20°C
- Touch Control Panel
- Icy Blue LED Side Lights
- Diverse Wine Storage
- Detachable Beechwood Shelves

Detachable Beechwood Shelves
The stainless trims add a touch of subtle luxury. The beechwood shelves are detachable for making wider storage spaces for bigger wine bottles.

Touch Control Panel
Just a gentle touch to begin multiple settings, including power and LED light on/off, temperature adjustment, and changing from Celsius to Fahrenheit.

Dual Zones With Wide Temperature Range Setting

The left and right zones are individually controlled at a range of 5~20°C, which allows flexible temperature settings for storing, serving, and aging different kinds of wine.

Activated Charcoal Filter
Activated charcoal's microporous properties help filtering detrimental substances in the air and preventing odor from affecting the quality of wines.

Concealed Door Hinges
Creates a cleaner look on the door edge and allows for perfect built-in condition.
